Junior Section Wins in Debate.

The final open session of the Literary Society of the Paris High School was held in the Public School auditorium Friday evening and in the competition of the annual literary honors, the Junior Section came out victorious, the first time in the history of the school, after a strong debate.

The subject of the debate, the outcome of which created considerable interest between the members of the two sections was: Resolved, "That the Rapid Awakening of the Mongolian Race is Perilous to the Caucasian Supremacy of the World." Merritt Slicer and Marmaduke Brown represented the affirmative while Eli Friedman and Joseph Lynch, assumed the negative. The judges were Profs. T. T. Jones, T. J. Noe and E. F. Farquhar, of State University, Lexington, who by a vote of two to one declared the representatives of the Junior Section—Friedman and Lynch—the winners.

While the debate was one of the most interesting features of the evening's entertainment it composed only a small portion of an excellent program which opened and closed with selections by the Paris High School Band. The male quartette composed of Merritt Slicer, Prof. W. O. Stackhouse, Printice Lancaster and Paul Brannon, rendered "Kentucky Babe," while Miss Marguerite Douglas in a pleasing manner recited "Specially Jim." "The Colonel," the school paper, edited by John Stuart, occupied a very important place on the program. The program was brought to a close with the presentation of the pretty little sketch entitled, "The Bachelor's Dream," which was participated in by Mr. Lucian Arnsperger, Misses Elizabeth Renick, Olive Taul, Elizabeth Brown, Beatrice Chapman, Matilda James, Mary Brannon, Elsa Heller, Hazel Duval and Edna Keller.

The session was presided over by Dennis Snapp, president of the society, who delivered an address at the opening of the entertainment.

Bourbon Jury Fails to Agree.

The Bourbon county jury which tried the case against Thomas F. Dolan, charged with the murder of Patrick Mooney was finally discharged by Judge Charles Kerr in the Fayette Circuit Court at 10:05 o'clock Saturday night, when they failed to agree, bringing to a close the third trial with a similar result which Dolan has faced since the death of Mooney last April. The jury stood nine to three for guilty of murder and no other polls were made.

The jury deliberated for about five hours, having gone to their room at 5:30 o'clock. The jury reported to Judge Kerr at 6:30 o'clock that it was hopelessly hung.

They resumed their deliberations at 8 o'clock when Charlton Alexander, foreman, declared to Judge Kerr that he did not believe that the jury would agree on a verdict if kept for six months.

The jury consisted of the following Bourbon county citizens: Charlton Alexander, Paris, farmer; J. K. Wilmott, Hutchison, Farmer; H. T. Ingram, Paris, farmer; S. Bealart, Hutchison, farmer; G. W. Judy, Paris, ex-jailer; R. T. Bridwell, Paris, salesman; Blanton Speaks, Austerlitz, farmer; N. L. Buchanan, Clintonville, farmer; A. H. Anderson, North Middletown, merchant; B. F. Judy, North Middletown, merchant; J. B. Tarr, Paris, merchant. Dolan was released on \$10,000 bail with R. L. Baker as security.

War Against the Fly.

The warfare against the fly is being waged with unabated vigor by the Civic Committee, and all public spirited citizens who would have Paris a flyless town, therefore a healthier one, are asked to co-operate by beginning now to clean up, to attack the breeding places of the fly, and to kill every one that appears this month. Only a few survive the winter, and what would be an impossible task in July, can readily be accomplished now.

If all could be made to realize that flies are born in filth, that they feed on filth, walk on filth, and then with filth sticking to their feet, legs and bodies, they feed and walk on the food which has been prepared for human beings to eat, they would be thoroughly disgusted, and ready to comply with the following hints:

Don't allow flies in your house.
Don't permit them near your food, especially milk.
Don't buy foodstuff where flies are tolerated.
Don't allow your fruits and confections to be exposed to flies.

Alice and Phoebe Cary Program.

Each grade of the Paris City School, has been assigned a poem whose life and work is studied during the entire year and on Wednesday, April 24, Grade III, A and B, between 8:30 and 9 o'clock a. m. at the High School Auditorium will render a program on Alice and Phoebe Cary. The program is as follows:

PROGRAM.

Biographical sketch of Cary sisters—Miss Patsy Clark of the High School. "The Chicken's Mistake"—Geraldine Herrin. "Take Care"—Alma Louise Goldstein. Song—"Questions"—Grade III B. "The Three Buns"—Julius Herrick. Song—"One Sweetly Solemn Thought"—Gertrude Welch. "Suppose"—Dorothy Harris. This program will be given at the regular weekly chapel exercises. Devotional exercises by Rev. Simms and two or three selections by the band. Patrons and friends cordially invited to attend.

American Investments.

Many Americans are emerging from Mexico just now quite well satisfied to get out with complete skin.

A few years back, reckoning area and crops at their value on this side of the line, it was easy to figure out a "get-rich-quick" profit on paper.

The trouble with a lot of these schemes was that the assets are not worth much if any dark skinned tramp can come along and burn them up. Even new towns on our frontier have an underlying conviction of law and order that as a whole is absent in Mexico.

If all the money put into hazardous Mexican undertakings could have been kept at home, every state in the union would have seen new enterprises start on its own soil.

Before sending money out of the country investors should not only look at physical resources. They should also consider the laws, social institutions, and popular habits that are needed to make resources valuable. Four per cent. in a home bank backed by the courts and public opinion, is better than 40 per cent., if it is protected only by your guns.

Democrats Progressive.

The democratic House of representatives started out, in this session of Congress, to cut down the expense of government. Many slashes were made into government extravagance but in no case was a cut made without the most careful study. The effort to save money for Uncle Sam was a thoroughly honest one.

The economy program of the Democrats, however, is being fought at every turn by the Senate Standpat-

ters, who have promptly placed back into the appropriation bills either all or a part of the amounts trimmed out of them when they were passed in the house. The democrats proposed to put a stop to practices, long prevalent, of spending government for no other purposes than to allow certain Senators to keep themselves in Congress, and to cut out necessary expense all along the line. The saving, if the Democratic bills should go through as they passed the House, would be tremendous. The Senate Old Guard, however, looks upon the right to dip into the treasury at will as a God given prerogative, and the appropriation bills were promptly restored to their former size just as soon as the Senate committees, dominated by the Standpatters, got a hold of them.

The Democratic leaders have announced, however, that they will insist on some of the cuts, and they will adopt drastic measures to enforce their position unless the Senate recedes.

The Old Guard Senators want a big expense bill, so they will be able to point to it, as justification for a high tariff.

Blocked by Standpatters.

The Democrats of the House go right on being progressive. The record that is being made daily in the lower branch of Congress constitutes even a stronger claim to progressive support in the coming campaign than the progressive promises in the Democratic Platform.

The House committee on interstate and foreign commerce has incorporated into the Panama canal bill a provision which the New York Herald called "the most drastic ever reported from a committee in Congress."

This provision stipulates that no railroad in the United States may own or control any Steamship line with which it competes. The purpose of this provision is to give the people the full benefit of the Panama canal, by insuring genuine and effective competition.

Sanger's Great European Shows

"Something out of the ordinary" is a remark that can properly be made of Sanger's Greater European Shows, which will exhibit in Paris Thursday May 2.

The big circus has a reputation for producing remarkable surprises in its arena until the public has learned that it can attend an exhibition of the Sanger's Greater European Shows expecting to see something new and different.

There is an unusual number of features with this show this season. It is difficult to pick the best. Some will like the trained wild beasts' exhibition or horse wonders. Others will prefer the Earl Family, Meredith Troupe, The Riding Russells, the Glasgow Royal Horses, the Elite Troupe, while some will spend most of the time laughing at the host of clowns, listening to Luickey's famous Marine band, enjoying the races, admiring the animals or petting the beautiful Dublin Prize Horses. No matter which way one looks while under any of the Sanger's Greater European Show tents, he is sure to see something out of the ordinary.

Great Kubolik at Lexington.

Jan-Kubolik, wisard of the violin, world's greatest musician, with the New York Symphony Orchestra, conducted by Walter Damrosch, America's foremost leader, will appear in a grand double bill at the Lexington Auditorium, Wednesday night, May 1. Those two attractions, each the greatest of its kind in the world, combines to make Lexington's annual May Day musical festival, one that offers music-lovers the most sublime treat of the age.

Kubolik, will appear at the Auditorium in the second to last concert to be given in America, as he is now completing his third tour of this country, preparatory to sailing for South America. While it is doubtful if this genius of the violin will ever again be heard in America, that he certainly will never again be on tour with the famous New York Symphony Orchestra.

Kubolik, with his four famous violins costing \$91,000, insured for \$50,000, his \$35,000 hands comes to Central Kentucky while he is attaining the pinnacle of success, the idol of five continents, criterion for all musicians.

Special arrangements will be made for music-lovers of Paris who wish to attend this concert May Day in Lexington. Laboring men will leave Paris and Lexington at hours convenient to Bourbon county citizens.

The scale of prices for this concert is as follows: Box seats \$2.50; Reserved seats, Lower floor \$2. Balcony \$1.50. Standing room and admission \$1. Mail orders, accompanied by cash or checks, will be filled in the order received. Everyone is especially urged to be prompt in securing their reserved seats, as the rush will be tremendous when the seats are placed on sale at the Hippodrome office on Wednesday, April 24, at 10 A. M. Patrons are urged to be seated promptly at 8:15 o'clock, as no one arriving late will not be seated until intermission.

Wonderful Cures Reported in Germany.

The use of simple herbs as remedies instead of the more concentrated and usually more dangerous inorganic substances, has been revived very widely of late. In Germany a new school of physicians has arisen which throws out almost a whole of the pharmacopeia and relies on an adaptation of the method of wild animals in curing themselves. . . . N. Y. World.

It was Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., who first advocated the extended use of some of our native roots, such as: Golden seal and Oregon grape root, mandarin and quercus root, black cherry bark. These are the chief ingredients in Doctor Pierce's Golden Medical Discovery, which has been so well and favorably known for nearly half a century. A harmless cleanser and stomach tonic that nature has provided.

D. MATTHEW, ENO.

J. DONALD MATTHEWSON of Ossining, N. Y., says: "I suffered for over five years with what the doctors told me was dilated condition of the stomach, associated with a catarrh of the stomach, and nervous heart. I had tried enough medicine, bismuth, gentian, rhubarb, etc., to float a ship and naturally thought there was no cure for me, but after reading what eminent doctors said of the curative qualities of the ingredients of 'Golden Medical Discovery' I gave it a fair trial. Took the 'Discovery' and also the 'Pleasant Pellets,' and can truthfully say I am feeling better now than I have in years. I cheerfully give permission to print this testimonial, and if any 'doubting Thomas' writes me I will 'put him wise' to the best all-around medicine in the country to-day."

MAY HAVE 1,000 MILE RANGE

Marconi Expert Says Ceylon Station Will Be Built in East—First Message in a Month.

Colombo.—Mr. Rice, the Marconi expert, who came to Ceylon recently to superintend the erection of the new wireless station, says the site is excellent, although a long way out, and that the station, when completed, will be one of the most up to date in the east. The apparatus is of the best, and includes the latest inventions. The station will have a guaranteed range over water of 450 miles. At night, he thinks, under favorable conditions, this distance will be exceeded considerably, and he puts a range of 1,000 miles as not outside the realms of possibility. He considers that both Bombay and Calcutta may occasionally be reached, and that ships in Madras harbor should be communicated with without difficulty.

The work of erecting the masts is progressing very satisfactorily. Barring untoward events, the job should be finished in about four months. Two steel masts will be put up, both 270 feet in height, these being two of the highest erected by the Marconi company. They will be built in sections of ten feet, and as some forty feet is up already, it is anticipated that the erection of each will take about a month. When both masts are up the building should be ready for the installation of the apparatus, which work will then be undertaken.

The first message should be sent off in about four months' time. The first attempt, Mr. Rice says, will probably be to communicate with a warship in Madras harbor, if one happens to be there at the time.

SEXTONS STRIKE FOR WAGES

Hard Work to Dig Graves, Say "Skilled" Diggers to Trustees.

London.—The strike epidemic which for the last eighteen months has been a daily menace to the welfare of Great Britain has now invaded the cemetery.

Grave diggers at the Western Necropolis, Lambhill and St. Kentigern's burying grounds, Glasgow, have struck work altogether, and are now picketing the approaches to the cemetery gates. They demand decreased hours of work, an increase of three shillings a week in wages and six days annual holiday. "The whole thing is a farce," said an official. "Grave diggers," he said, "work nine hours in summer and seven and a half in winter. Certain men are required to work on Saturday afternoon and on Sundays, but for this they receive four shillings each, whether for opening or filling in graves."

The official said the men's wages averaged thirty shillings, which was excellent for unskilled labor, to say nothing of tips. There has been no difficulty in filling the places of the strikers, said the official, and work was proceeding as usual. No funerals would require postponement. The strikers claim to be skilled laborers and allege that "black leg" grave diggers are making a "sad mess of things."

SCHOOL HEAD GREAT WALKER

Dr. John H. Finley of New York College Tramps From Elizabeth, N. J., to Princeton.

Elizabeth, N. J.—Dr. John H. Finley, president of the College of the City of New York, has suddenly stepped into the limelight as a long-distance pedestrian. Friends told how Dr. Finley started out on a little walk recently to refresh himself after a strenuous day, and ended up a few hours later with thirty miles of ground to his credit.

The president presided over a gathering in honor of Grover Cleveland at Cleveland's birthplace, Caldwell, N. J. After the exercises Dr. Finley started back to New York in company with Mrs. Cleveland, Dr. Van Dyke and others. Reaching the city, however, he decided that he needed an antidote to the day's mental wear and tear, so he started out on foot for Princeton, where he arrived at 8:00 a. m.

CHANCE FOR OLD FIDDLERS

Merchants of Topeka, Kan., Offer \$1,000 in Prizes Among Kind That Stamp Feet in Playing.

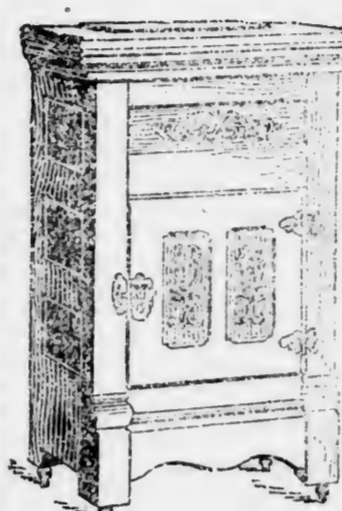

Topeka, Kan.—If there are any of the old-time fiddlers, of the kind that stamps his foot and wags his head as he plays "Ole Zip Coon" or "Turkey in the Straw," in the territory surrounding Topeka, they will have the chance to divide more than \$1,000 worth of prizes. The merchants here arranged the contest to be held in Topeka's auditorium and the prizes range from a \$300 piano for the best fiddler to a 35-cent shirt for the worst one.

Has Prepared 1,000,000 Chops. London.—Of very few men can it truthfully be said: "He has cooked a million chops." Yet William of Edwards in Fishmonger alley, Fenchurch street, who will presently celebrate the jubilee of his professional career, is believed to have cooked 1,500,000. About 10,000 of these he has eaten himself.

A Novel Contest At The Grand.

When the great White Star steamer
Titanic rammed an iceberg and sank
last week, carrying down with her fif-
teen hundred or more human souls,
the courage and heroism of the great
majority of her male passengers in
sacrificing their own lives that those
of the women and children might be
saved wrote a page in history which
has no equal in the past.The entire world stands aghast,
horror-stricken and speechless at the
magnitude of this awful catastrophe;
but to the credit of the American nation
be it said its men proved their genuine
courage while staring death in the
face. The millionaire and the emi-
grant, the man of letters the coal heav-
er all, with but a few shameful excep-
tions, met death with a wonderful
heroism that the women and children
might be saved.The question has arisen: "Who
showed the most courage, the million-
aire, with his numerous millions and
everything at his command to make
life worth living, or the poor illiterate
coal heaver, who each sacrificed their
life that the weaker and gentler sex
might live on?"The Paris Grand will give three
dollars for the best essay written by a
school child on this subject; two
dollars for the second best and one
dollar for the third. The conditions
are as follows: Limited to children at-
tending school in Bourbon county;
essay not to contain over two hundred
words; to be written on one side of the
paper in a plain legible hand; to be
sent by mail to the manager of the
Paris Grand; contest will close on Sat-
urday night and a committee consisting
of three members of the Paris bar, to
be announced later, will decide who is
the winner, the result being announced
and the winning essay read from the
stage of the Grand on next Tuesday
night.

The "Alamo" theatre, which was formerly opened Saturday afternoon, is pronounced by experts to be one of the handsomest and most modernly equipped photo play house in the State of Kentucky. Brenlin Window Shades

—Look much better, last longer!

Furnish your windows with shades of Brenlin and they'll always be well dressed. For Brenlin is made of closely woven cloth without the "filing" that causes ordinary shades to crack, wrinkle, fade and show unsightly "pin holes." Brenlin always hangs straight and smooth—wears several times as long as other shades, and costs but a trifle more.

BRENLIN is made in many artistic colors and in Brenlin Duplex—colored one side, white the other. Come in and let us show you samples and quote prices.

CLEVER THIEF TAKEN

Europe's Most Daring Swindler Is Under Arrest

Robbed the Charitable, Posed as Prince, Marquis and Monsignor of Church, and His Loot Totals Millions.

Rome.—Nerve was what kept this phenomenal rascal skating gracefully over the thinnest kind of ice. And his nerve has not deserted him, now that the ice has broken under him and he has sunk overhead in the muddy waters of trouble.

Behind his prison bars he seems, indeed—like most clever criminals—to take a sort of professional pride in his achievements. When he realized that denial was henceforth futile he shrugged his shoulders and said:

"I congratulate the Roman police. I have traveled all over the world and got away with many hundreds of thousands of lire.

"However, that which I stole I stole from the rich. I never trimmed any one for less than 100,000 lire (\$20,000). What a pity that the law must punish me! I have helped an infinite number of poor priests. Today I had an appointment with another prelate; instead, I am in jail. What a pity!"

This unique scoundrel is a sort of combination of Tartuffe and Barry Lyndon. He posed as a priest and wore priestly garb, but he was not content with that, for he wore purple at his throat and a purple girdle, which indicated that he was a monsignor of the church.

The bearer of these noble names and ecclesiastical titles had no right to any of them. He never was a priest. He had no right to wear even a cassock, much less the purple of a prelate. He is just plain Giovanni Battista Gindri, son of a respectable Turin hotelkeeper. He obtained his familiarity with church affairs while receiving his education in an ecclesiastical seminary. His father probably hoped that he would become a priest. But the youth found his vocation along very different lines.

It would be impossible and useless to make a list of those he has swindled. It is believed he has got away with several millions of francs in all. The greater number of his victims have made no formal complaint against him, preferring to pocket their losses rather than to suffer the chaffing of their friends because of their gullibility. But it is known that among the sufferers are cardinals, archbishops, abbots of monasteries, mother superiors and abbesses of convents and noble men and women who are charitably disposed.

How did he do it? In many ways. He forged letters of introduction from one bishop to another. He ingratiated himself here and there by conspicuous acts of charity and piety and so got genuine letters of introduction from prelates and nobles.

Among those upon whom he imposed was the dowager duchess of Genoa, mother of Queen Margherita of Italy, in whose private chapel at Novara he said mass, and from whom he received a present.

When caught in Rome he was about to go to St. Peter's to say mass, the authorization so to do being signed by Cardinal Respighi, which signature is declared to be a forgery.

There was nothing new about his swindles; they were the old, well-worn devices, with which every one ought to be familiar, but which work just as effectively today as they worked in the time of Gil Blas.

He is to be sent successively to each of the cities where he is "wanted," in each of them he will be tried and, if convicted, will be sentenced. So he has the prospect of four or five prison terms, one after another, in different parts of Italy.

CAT ACQUITS MAN OF ARSON

Story of Overturned Lamp Dispels "Black Hand" Theory and Jury Frees Prisoners.

Pottsville, Pa.—Accused of setting fire to a residence at Palo Alto at the instigation of the "Black Hand," Donato L. d'Angelo was acquitted in court when he placed the blame on a cat which overturned a kerosene lamp.

The fire was begun shortly after the midnight hour and several persons had narrow escapes with their lives.

The police found gasoline cans exploded near the place where the fire started and became convinced that the defendant, in company with a friend from Philadelphia, committed the crime, but the jury believed the cat story.

British Officers' Pigeon Post.

London.—Messages posted by carrier pigeons from the Bay of Biscay by two naval officers, Lord George Seymour, lieutenant, and Captain Doughty, both of the cruiser Melpomene, have just been delivered to their wives in England.

The messages were written on tissue paper and inclosed in aluminium cylindrical cases. The cases were attached to the legs of a carrier pigeon which was in the admiralty service until wireless telegraphy displaced pigeon post. Liberated in the Bay of Biscay the pigeon met a terrific storm and 34 hours after fell helpless on one of the lifeboats of the Spanish steamship Clerbana without having made much headway. On the arrival of the Clerbana at Middlesbrough the messages were conveyed to their destinations.

One of the Largest Elephants.
A recent writer in the Field newspaper gives the dimensions of an old Indian elephant, which would scarcely have been much inferior in size to a mastodon. According to his account the animal measured 11 1/4 feet in height at the shoulders, 25 feet 5 inches from the tip of the trunk to the end of the tail. The distance from the tip of the trunk to one eye was 7 feet; from one eye to the tail nearly 13 1/2 feet, and the tail was 4 1/2 feet in length. The tusks were 5 feet 2 inches long.—Harper's Monthly Magazine.

Cow Wrought Much Mischief.
A series of accidents all on account of a cow occurred one day not long ago at Neerim, South Victoria. A man who was driving a gig was upset by running over a cow. The pony then bolted with the upturned gig, which frightened a team of horses attached to a wagon, and the latter capsize over a log, pinning underneath it the driver, who sustained a fracture of the skull.

Freaks of Nature.
Some naturalists who have been to the antarctic and the higher regions of the Alps, have noticed flies without wings—flies that look more like ants. Wondering whether cold had anything to do with this wingless condition, they took wasps, just hatched, and kept them in an icebox for 48 hours. Result: Wingless wasps. They tried the same experiment with several other kinds of insects and always with the same result.

Mystery of the Pyramids.
One of the mysteries of the great pyramids in Egypt is how they were built in the sand. How did the slaves lift these gigantic boulders into place, especially since that was in the days when machines were unknown. Savants and historians believe sloping ways were built leading to the pyramids and the great stones hauled into place.

EGYPTIAN BARON is a black horse 15.2. A grand individual and one of the best representatives of the great Baron Wilkes, now known as the Futurity family. He is one of the fastest, best headed horses in Kentucky, and has been a mile over my three-quarter track, which is at least three seconds slower than Lexington, in 2:09 1/4, last half in 1:03 1/4, last quarter in :30 1/4.

Although he is a pacer, he was a natural and fast trotter and could trot in 2:40 at two years old. Was raced a little for education, and proved himself a game level headed race horse, and if he stays right, we predict a record of 2:05 or better this year. He has served a few mares, and his colts are good individuals and fast. One, a yearling, out of a pacing mare, is one of the best trotters, for his work, I ever had—trotted a mile, with few days work, last fall, in 2:58 1/4, last half in 1:26, last quarter in :44. Egyptian Baron will serve a few approved mares at

Tobacco Raising in Ireland.

Irish tobacco and Irish cigars and cigarettes are bought in Dublin with patriotic pride and smoked with enjoyment, and it may be only a matter of time when Irish cigarettes will be known the smoking world over. The raising of tobacco in Ireland is one of the new industries which are being undertaken, and the quality is pronounced good.

Feminine Philosophy.

Lady Mary Wortley Montagu wrote from Venice at the age of sixty-eight: "It is eleven years since I have seen my figure in a glass; the last reflection I saw there was so disagreeable I resolved to spare myself such mortification for the future, and shall continue this resolution to my life's end. To indulge all pleasing amusements and avoid all images that give disgust is, in my opinion, the best method to attain or confirm health."

Saves Leg of Boy.

"It seemed that my 14 year old boy would have to lose his leg on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Howard, Aquone, N. C. "All remedies and doctors treatment failed till we tried Bucklen's Arnica Salve and cured him with one box." Cures burns, boils, skin eruptions, piles. 25c at Oberdorfer's.

Past and Future.

"She is a woman with a past," said the Suspicious Neighbor, with suppressed horror. "Well," said the Old Neighbor, "she's better off than the rest of us, if that's all. I'm afraid most of us have something coming to us." And it was so. You unthicken your past, but what's coming you may sidestep.

"My little son had a severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. Silk, 29 Dowling street, Sydney, Australia. For sale by all dealers.

Fortunes in Faces.

There's often much truth in the saying "her face is her fortune," but its never said where pimples, skin eruptions, blotches or other blemishes disfigure it. Impure blood is back of them all and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25c at Oberdorfer's.

Paris Team Defeats The Climax.

At White Park Sunday afternoon the Paris team administered a severe trimming to the Climax team of Cincinnati, winning by a score of 9 to 4. Only a small crowd witnessed the contest which was snappy for the first five sessions, but which during the closing rounds had an air of slowness about it. Manager Lewis sent Pete Wood to the mound for the locals and he went the entire route in fine style, showing a slight weakness in but two innings, and then steadied himself and pitched winning ball.

At no time during the game were the locals in any serious danger of defeat, and were aided materially in the run getting by the eight errors piled up against the visitors. Four of the six hits of the visitors went for extra bases.

The game put up by the Paris team was quite an improvement of their former efforts in the exhibition games so far this season. Harrel and Goodman, two of last year's aggregation were in the lineup and played with their old-time dash, that renewed the hopes of the fans. The score:

Paris..... 1 0 0 2 0 1 3 2 x-9
Climax..... 0 0 0 1 0 2 0 1-4
Batteries—Paris, Woods and Delephant; Climax, Kinsella, and McCamman; Hits—Paris, 7; Climax, 6. Errors—Paris, 2; Climax, 8. Two base hits—Goodman, Nelhouse. Struck out—by Woods 11. Base on balls—off Woods 3; Kinsella 5. Stolen bases—Delephant, Dunlap, Fenzell, Campbell and Guile. Hit by pitcher—Woods, Kinsella and Brennan. Double plays—Climax, Kinsella to Lawson. Wild pitch Kinsella, Woods. Umpire—Elgin.

NOTES.

Woods fields his position in a style that is pleasing to the fans, and occasions very favorable comment.

Campbell and Fenzell in the outfield are very fast but both seem to be weak at the bat, quite an essential with an outfielder.

Out of five times up Dunlap secured only one safe drive. He fielded his position fairly well on this occasion and a few games should improve him.

The fans were pleased to see Danny Harrell on the job again playing with the same old energy. He scored two runs secured on a safe drive.

Guile, the latest arrival, was on second base. He batted at the highest mark in the contest Sunday, getting two hits out of two times up, but they were of the scratch order.

The absence of team work on the part of the locals probably hurt their chances for a larger score, but it is to be hoped this will come before the championship season opens.

The Bourbons will meet the Lexington Athletics this afternoon at White Park at 3:15 o'clock and tomorrow afternoon the Georgetown College team will be here for a game.

Popkin looks to be the goods on the first station, and the big fellow played the position like a veteran. He can hit the ball, too, and ripped out a corking two-bagger in the seventh.

In the seventh Goodman sent a stinging drive into the right garden and easily reached third on the hit. His presence on the team is an assurance of a good, strong hitting and fast outfielder.

Woods, who went the entire contest on the mound for the locals showed up extremely well considering the amount of work he has had. He fanned eleven of the opposing batsmen and allowed but six hits. The game should improve him wonderfully.

MILLERSBURG ITEMS.

Mrs. S. B. Turner was the guest of friends at Mt. Sterling from Friday until Monday.

Dr. Calhoun, of Western Kentucky, was the guest of Miss Lula McNamara from Friday until Monday.

Mrs. James Elizabeth Harris and Marie Pepper were guests of Mrs. Aaron McConnell from Friday until Monday.

Rev. W. A. Swift, pastor of the Methodist church, and Elder Thomas Smith, of the Christian church preached Sunday evening, taking for their subject the fact surrounding the destruction of the great steamship Titanic, which went down after striking an iceberg, and on which so many lives were lost. Both services were largely attended, and the discourses were beautiful and highly enjoyed.

Saturday evening Miss Walker's class in expression presented a three-act drama, "The Heroine of Virginia" at the M. F. C. auditorium to a large audience. The play was well executed and each of the young ladies did their parts well. The plot was strong and one beauty was that the cast was made up entirely of young ladies, no part being assumed by a male. The music between the acts was extremely good and heartily appreciated by the large audience.

Mr. W. H. Cooper, of Carlisle, was arrested here Sunday afternoon about seven o'clock by Marshal Jos. Williams, on the charge of running his automobile at an excessive rate of speed through the town. He executed bond for his appearance before Judge Waddell yesterday morning, when the case was assigned for trial, but owing to the conflict between a town ordinance and the State law the case was postponed until Monday April 29. Much interest was manifested in the case and the court room yesterday morning was crowded with spectators.

Mrs. J. Mordica Williams, of Ashland arrived Friday as the guest of her cousin, Mr. T. E. Savage and daughter Mrs. Williams, who was formerly Miss Neppie Savage, and a teacher in the M. F. C. from 1857 to 1862, when the institution was under the care of Dr. George Savage. In 1838 Prof. Lyman Roberts identified himself to the same institution and in 1860 he and Miss Roberts were married. Prof. Roberts died in 1862 of diphtheria. At this time Mrs. Luman severed her connection with the college. Five years later she was united in marriage to Hon. J. M. Hill of Ashland. It will be remembered that some years ago Mr. Williams was the Democratic nominee for Congress from the Ninth District of Kentucky and was defeated by ex-Congressman Benton. Mrs. Williams will be here about a week and will be glad to meet any of the old M. F. C. girls during the time while she was connected with the institution.

Ordered to Turn Over F. & C.

An order was entered in the Franklin Circuit Court Saturday directing the Louisville & Nashville Railroad Company to transfer to the Frankfort & Cincinnati Railroad Company the property which it took over two years ago. This order carries out the mandate of the Appellate Court and indicates that the Louisville & Nashville Railroad Company has given up the idea of trying to go further in buying the Frankfort & Cincinnati property.

At a recent meeting of the Stock holders of the road Mr. Chas. E. Hoge, of Frankfort, was elected president and a full board of directors named, among them being Mr. George Alexander, of Paris.

Paris Citizens Will Meet The Boosters.

That Paris citizens will turn out in large numbers to greet the Cincinnati "boosters" that will arrive in this city on Friday afternoon at 5:20 o'clock is the opinion of the business men and arrangements are being made to give them a royal reception when they arrive here.

A committee of business men will meet the excursionists at the depot, and the body, one hundred and fifty strong, will be headed by Weber's prize military band, will march to the court house where an open air concert will be given and the Queen City "boosters" will endeavor to see all the Paris merchants engaged in various business enterprises.

The special will remain here about one hour and it is the earnest desire that everyone who can conveniently do so, arrange to assist in receiving the visitors to our city in grand style and extend to them a genuine and hearty Kentucky welcome.

"The James Boys" at the Comet.

The management of The Comet Theatre have secured for this afternoon and to-night, the wonderful feature picture play in three reels, "The James Boys in Missouri." This is without doubt the greatest and most realistic photo-play that has ever been staged, showing camp scenes, specially provided train for hold-up, guerrillas and soldier skirmishes, dressed and staged in the period of the times. Two hundred and fifty people in the production, and fifty horses. Closely following the history of this famous band from 1865 to 1882. Staged and photographed on Missouri soil and in many instances in the exact location where this famous band operated. Not a demonstration of crime, but a review of history and facts. A drama founded on historic adventure full of heart interest. Every scene thrilling and exciting.
